Fifth Avenue Collection
BEAUTIFUL JEWELLERY

This beautiful jewellery is proudly Canadian! Fifth Avenue Collection is based out of Moose Jaw, Sask! They have been in business for over 35 years and I am excited to share some of our beautiful designs with you.

Fifth Avenue Collection jewellery is high end fashion jewellery made pure! So eventhee majority of those with metal allergies can wear our items. We do have some padded adjustable clip-ons and men's peices too!

I am able to meet in person for anyone local (ish) who wants to see pieces in person. You are also welcome to browse my website, though I encourage you to order through me. I will be doing regular bulk orders to reduce shipping costs.

If you do choose to order online please send me a fb message, text, or email with the student's first name and last initial so I can make sure the 30% (of retail cost) that I am giving back gets credited to the correct person.

Any questions please ask, happy shopping!
